NEWS FROM THE COURT

Pacer-Net: Access to court dockets now is available on the Internet via Pacer-Net, an upgraded version of the old Pacer that is much more user friendly, accessible, and readable. The application is web- rather than character-based. The fee structure also has been changed; users no longer are charged by the minute but by the number of pages downloaded for printing at \$.07 per page. If you are registered to use Pacer, your password for Pacer-Net remains the same. If you are not a registered user, please call the Pacer Service Center at 1-800-676-6876 to register. Registration is free.

Web site: Please take time to visit us at our enhanced web site. The address is <http://www.utd.uscourts.gov>. The site provides useful information for attorneys about the Court, and it permits users to download the local rules and a variety of court forms. It also provides hot links to a host of other federal court web sites and resources. Please contact the Clerk's Office with suggestions on what else you'd like to see on the web site.

Opinions: We anticipate within the next six months making available on line via our web site our judges' published and unpublished opinions. Watch for an official announcement on our web site.

Fax Project: More than 3,500 attorneys have enrolled in the Court's fax program which now includes orders, judgments and memorandum opinions. These documents are transmitted by fax to attorneys of record the day they are docketed, eliminating the delay of sending them via the mail. If you have not signed up for the program, you should complete the enclosed form and mail it with your registration. There is no charge for the service.
